Defense movies here next week

All citizens urged to attend: no admission fee

Fire Chief R. H. Jahn announces that Mr. J. E. Hutchins, fire department instructor for the State of Illinois will show four reels, which should be of vital concern to every person in Arlington Heights, at the high school gymnasium on Thursday evening, May 28 at 8 o'clock.

The pictures to be shown are:

London Can Take It.

London Fire Service.

Fighting the Fire Bomb.

Ready on the Home Front.

The showing of these pictures is a service extended by the Department of Public Safety of the State of Illinois for the benefit of the public.

There will be no charge, and everyone enrolled in Civilian Defense is urged to attend. They will receive training credit for the time spent in watching the pictures. The public is also invited because they will learn what to do, and what not to do in the event of an air raid.

Excitement a plenty at boxing show

Many get first introduction to amateur sport

The Kiwanis boxing event last Thursday was a great show and those who were unable to attend, missed a rare treat. There were eight thrilling fights — and something new — a lecture and demonstration staged by Jack Elder, former Notre Dame track and football star, present secretary of the Illinois Boxing Commission, and athletic director of the Catholic Youth Organization and that great boxing instructor, Paddy Kane.

Jack explained the physical training a new boy receives when he becomes a member of the C.Y.O., followed by three or more months of exercises under the instruction of the coaches, supervised by the physician in charge.

As a demonstration, Charles Immonio acted as a beginner, received his first lessons and then was permitted to put the gloves on with Paddy Kane.

Those that were fortunate to be there saw a great coach in action.

The first event was Don Gallando and Bob Simmons in a great fight. The former Golden Gloves champion, Don Gallando, won. Tommy Maloney and Willard Burns followed with plenty of action; a good close fight, Burns receiving the nod, although plenty of boos from the crowd.

Henry Vera and Jerry McLachlan at 128, was No. 3 on the card and Henry Vera, Golden Gloves champion was the winner, flooring McLachlan for a count of 9.

No. 4 brought up the first knockout of the evening with Jones and k-oing Robert Williams.

The second section started off with a T.K.O. by Melvin Johnson over Robert Wooley, the year's C.Y.O. novice champion. Melvin Johnson is one of the outstanding 135 pound boxers in the west. A cut eye kept him out of the Golden Gloves this year.

Chas. Immonio showed that his lesson with Paddy Kane helped by defeating Mike Nicolette.

In the semi-windup, James Hunt a very clever boxer, a Chicago Park champion, a cinch to be in the Golden Gloves finals this winter, beat an up and coming boxer at 147 pounds, Sam Washington.

Bertrand White, twice I.A.C. champion, lost to Dan Hickey, a former novice Golden Glove champion.

Those who missed the show missed a great show. Injuries kept the local boys on the side lines. Jedd Nichols at 112 pounds defeated a 120 pounder last Tuesday evening in Chicago.

Downtown parking becomes serious problem

Tire restrictions evidently do not mean a thing to the majority of the people who commute to Chicago daily from Arlington Heights, or perhaps more people are taking the trains to Chicago and are parking their cars downtown. A serious problem has arisen on account of the increase in the number of cars which are parked throughout the day.

Village board members could not find the answer Monday night and passed the problem on to Chief Skoog.

Arlington Lions were asked Tuesday night to provide parking stands for bicycles in the neighborhood of the depot. Perhaps business men will soon be asking for the return of the hitching post.

Early paper next week

Seek state O.K. to \$5615 street repairs

Connect new well to mains this week

Stories of Memorial Day events and shopping bargains will reach the readers one day earlier than usual next week. Decoration Day is Saturday. Reporters and publicity chairmen are asked to get their news in early in order to insure publication in the next issue.

Good Food — your first line of defense

Nutrition class to start June 1st

The time has come when every man, woman and child must be ready to take his or her place in the pursuit of victory and peace. For some, this will mean joining the armed forces; but for the majority of us it will mean joining together to produce the tools of war and peace, and one of the more important—if not the most important—is food.

Whether or not each of us is able to contribute his full share will depend, in no small measure, on the health and stamina he has built up through wise use of the right kinds and amounts of foods.

When we realize that only by eating an adequate diet can we have positive buoyant health, and when we translate the time we spend at decreased efficiency due to feeling below par in dollars and cents, then perhaps we will strive to improve our diets; not spasmodically, when our attention is called to it, but every day of every year.

President Roosevelt says: "During these days of stress, the health problems of the military and civilian population are inseparable. Total defense demands man power. The full energy of every American is needed."

In view of the above, Arlington Heights has been particularly fortunate in securing, as instructor for our nutrition class, Mrs. Mary Lawton Wright, graduate of Iowa State college, state director of nutrition, well known locally as former Cook County Home Advisor and a former director of the W.L.S. Homemaker's Hour.

We hope every Arlington Heights homemaker will avail herself of the opportunity to hear Mrs. Wright's lectures. Not only as a patriotic duty, but for the improved health of her family. This is in no sense a cooking school or demonstration, but rather a good, practical, understandable course in nutrition — how to get the most food value for your money and the most nutrition from your food.

The class begins Monday, June 1, at 1:30 p.m. at the Field House and continues each Monday afternoon for eight weeks. In view of the fact that some expense is entailed, there will be a small charge of \$1 per person for the entire course.

You may enroll at the Civilian Defense office or at the door; please come early. Remember the day, Monday, June 1.

Mrs. C. A. Hughes, chairman. Mrs. W. E. Fritz, Co-Chairman. Emergency Food and Housing Unit, Civilian Defense Council.

Paul Carroll, Jr. continuing training in army air corps

Paul Carroll, Jr. is continuing his work at Kelly Field, San Antonio, Texas, where he is in training in the air corps as a navigator. He enlisted in that branch of the army last January. He still has three months more of training before receiving his commission as a second lieutenant when only 20 years old. Paul is very enthusiastic over his work.

Sgt. Ernst back in coast artillery; home on furlough

Sgt. Ernst is back in the coast artillery. Discharged last June, after six years in the service, he was called by the draft and naturally found himself again with the coast artillery.

He started out as a private and now a sergeant. Elevation to his former rank as a staff sergeant can naturally be expected in the near future. He is now stationed at Tyson, Tenn.

Arlington flower show June 5-6

The Arlington Heights Garden club are planning a flower and garden show which will be held June 5 and 6 in the Arlington Heights field house.

Mr. Robert Palmer, who is general chairman of the show, urges all gardeners to plan on exhibiting their choice blooms.

Full detail will be printed in next week's issue.

Krause's Market receiving fats

Krause's cash market has received over 150 pounds of fats from housewives who are cooperating in the war effort by saving the fats from their cooking operations. Mr. Krause asks that all fats be brought to him in one-pound coffee cans which is a convenient way of handling it. 4 cents a pound is paid for it.

Leave next week for army service

Over thirty selectees have been called by Cook County selective service board No. 1, to report next week for army service. Those from this vicinity are:

Edward Albert Thomas, 1666 Kensington rd., Arlington Heights. Carl Svetanoff, 115 West Davis st., Arlington Heights.

John Edward Chidley, 830 N. Belmont ave., Arlington Heights. Charles Edgar Cokenower, Jr., Wheeling.

Walter Julius Rosenberg, 218 W. Slade st., Palatine.

Paul John Tudor, R.F.D. 1, Box 24, Des Plaines.

Herbert Iverson Shermer, R.F.D. 2, Barrington.

Henry John Miller, R. 2, Palatine.

Tony Joseph Stefanick, 12222 Stringham Ct., Detroit, Mich.

Ralph Frederick Nebel, 166 No. Crystal ave., Elgin.

John Grak, R.F.D. 1, Prairie View.

Richard Kehe, 316 N. Belmont, Arlington Heights.

Emery William Berghorn, 234 N. Plum Grove ave., Palatine.

Earl Herman Weisgerber, 4435 N. Hardin, Chicago.

Robert Francis Johnson, R. 1, Box 9, Palatine.

Orlyn Ernest Steege, 204 So. Highland ave., Arlington Heights.

Albert Selsdorff, R.F.D. 2, Box 264, Palatine.

Albert Berry Andrus, R. 1, Palatine.

Howard Edward Hausam, 717 No. Evergreen, Arlington Heights.

Frank Boher, R.F.D. 1, Mt. Prospect, Box 311, Elk Grove.

23 vehicle arrests

With a return to patrol of the highway, arrests by the police department have shown an increase. Reports of the police department were 23 arrests, \$209; business licenses, \$85; vehicle tags, \$101; dog licenses, \$34. Traffic lights operate all night

The traffic lights on the highway will hereafter operate on an all night service schedule. Recent difficulties were due to low voltage, which have been corrected. Continuous 24 hour service is being adopted as a safety measure.

Bills and payroll totaling \$6,432.88 were approved for payment. Reports of the clerk and treasurer for final month of the fiscal year were referred to the finance committee. They showed an excellent financial condition and an increase of receipts during the year of approximately \$10,000.

The report of the auditor is expected to be ready within the next few weeks, when comprehensive financial statement will be issued.

Auxiliary of the V. F. W. were granted permission to hold Poppy Day Saturday, May 23rd.

April fuel tax credited to the Village is \$838, which the aldermen think is not bad considering the present conditions.

At the request of Fire Chief Richard Jahn, Wm. Luehring was granted permission by the board to attend the state fire school, to be held at Barrington May 27 and 28. There will be day sessions under J. E. Hutchins, fire department instructor, operating under the department of public safety.

The board gave its approval to the appointment of Ralph Meyer, 735 North Dunton as a member of the fire department. The letter from the fire department, asking approval of the appointment stated that Mr. Meyer had passed a physical examination, had served as an auxiliary fireman and had received required first aid in training.

The report of the auditor is expected to be ready within the next few weeks, when comprehensive financial statement will be issued.

Team No. 1—Mesdames Dibble, Porter, Turner, Mann and Ekkebus. Sponsor, Grove Township tax collector.

Team No. 2—Mesdames Yates, Ellis, Worley, Skelton and Howell. Sponsor, Modern Apparel.

Team No. 3—Mesdames Squires, Keeney, Keithley, Blockson, and Moore. Sponsor, New El Reno.

Team No. 4—Mesdames Austin, Simmons, Wilson, Greene and Van Saon. Sponsor, Vesley Drug Store.

Team No. 5—Mesdames Burnier, Kirchhoff, Ragland, Brown and Herron.

Team No. 6—Mesdames Currie, Lee, Schlemmer, Falkanger and Meyer. Sponsor, Suburban Times.

Team No. 7—Mesdames Tuttle, Mott, Lange, Pluth and Haffner. Sponsor, Arlington Chevrolet.

Team No. 8—Mesdames Verret, Alton, McDonald, Busse and Mortimer. Sponsor, Burda Drug Store.

Alternates—Mesdames Janssen, Garrison, Danisch and Hannigan.

Anyone wishing to qualify as an alternate may do so by calling Mrs. H. D. Blockson.

Recreation group plans summer play

The Arlington Heights Recreation Commission held its first meeting Monday night at the field house. This group meets for the expressed purpose of planning and carrying out a summer recreation program. From a good beginning last season we hope to expand our program in order to interest more people in nutrition and the most food value for your money and the most nutrition from your food.

The class begins Monday, June 1, at 1:30 p.m. at the Field House and continues each Monday afternoon for eight weeks. In view of the fact that some expense is entailed, there will be a small charge of \$1 per person for the entire course.

You may enroll at the Civilian Defense office or at the door; please come early. Remember the day, Monday, June 1.

Mrs. C. A. Hughes, chairman. Mrs. W. E. Fritz, Co-Chairman. Emergency Food and Housing Unit, Civilian Defense Council.

Appoint thistle commissioner

Louis Clark was reappointed thistle commissioner for the coming year. Some of the aldermen inquired about the duties of the officer within the Village and were informed that thistles grow just as abundantly in the undeveloped areas within the Village as on farm lands. Mr. Clark will be paid for his services in gas.

Mr. Clark, village clerk, informed the board that the Village hall had been named as the polling place for the entire town of Wheeling for a judicial election to be held June 1st.

There was little other business and the aldermen surprised their wives by arriving home before 11 o'clock.

Vacation church school to open June 15

Three churches unite in plans for 3-week session

What is sometimes a thought

soon becomes a working project

when a group of interested and energetic people get together.

In a sentence, what the Council for the Community Vacation Church School has come to believe.

The interested group who met,

planned and began working out de-

tails and committed appointments

as a Council for the Community

Vacation Church school are: Rev.

Vondracek, Rev. Kamphenkel, Rev.

McCoy, Mrs. R. E. Hayes, Miss

Aurelia Rau, Mr. Baumgartner,

Mrs. Carl H. Ewert, Miss Katherine Hines, Mrs. Albert Bauer, Mrs.

Verdelle Heckmiller, and Miss Gladys Wilton.

The Community Vacation Church School is being sponsored by the M. E. church, the St. John's Evangelical church, and the Presbyterian church. Children from the ages of four years through fourteen years, or the equivalent age of the ninth grade will be welcomed by an efficient staff at the Presbyterian church from June 15, 1942 through July 3, 1942. Every child in the community within this age group is eligible.

The time spent in this school will correspond to the morning class time of the daily school the children are now attending, that is, from 9:00 to 11:00 o'clock a.m. for the beginners department (4 and 5 years) and for the primary department (1st, 2nd and 3rd grades); from 9:00 to 12:00 o'clock noon for the junior department (4th, 5th and 6th grades) and for the Intermediate department (7th, 8th and 9th grades).

Mrs. R. E. Hayes and Miss Aurelia Rau, president and secretary, respectively, of the council together with all members and the Rev. Mr. McCoy, Rev. Mr. Vondracek and the Rev. Mr

"A friendly church in the City of Good Neighbors most cordially Wel-

comes You!"

The public is cordially extended an invitation to attend our services and to worship with us.

CHRISTIAN SCIENCE CHURCHES

"Mortals and Immortals" was the subject of the Lesson-Sermon in all Churches of Christ, Scientists, on Sunday, May 17.

The Golden Text was, "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit" (Romans 8: 5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And I, brethren, could not speak unto you as unto spiritual, but as unto carnal, even as unto babes in Christ. For ye are yet carnal: for whereas there is among you envying, and strife, and divisions, are ye not carnal, and walk as men? . . . And every man shall receive his own reward according to his own labour. For we are labourers together with God: ye are God's husbandry, ye are God's building" (I Cor. 3: 13, 8, 9).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The likeness of God we lose sight of through sin, which beclouds the spiritual sense of Truth; and we realize this likeness only when we subdue sin and prove man's heritage, the liberty of the sons of God" (p. 315).

The Stars of "Look Who's Laughing"

Four top radio comedians, Fibber McGee and Molly, above; also Edie Bergner, Charlie McCarthy star in "Look Who's Laughing" coming to the Arlington next Sunday and Monday.

Letter to president proves Du Page woman insane

An extortion letter sent by Mrs. Elizabeth Lusanne of Westmont, demanding \$1,300 down and a weekly income of \$75 has caused the incarceration of that woman in the Elgin State hospital. She goes to the same institution to which her husband was sent last fall.

The letter caused an investigation by the FBI. Supervisor Seymour Waterfall, Jr. was instrumental in having Mrs. Lusanne tried. A physician's commission, consisting of Drs. Oelke and Harry W. Kinne of Wheaton found her to be insane.

Part of the letter sent to the President of the United States read:

"President Roosevelt—Why don't you give me some money? I am entitled to government money, it's plain to be seen. The situation and condition of my husband. I am today in this condition on account of the present war. I was thrown out on the mercies of the world, sick and suffering, on account of people, after Government Standard Oil and the present war. Shoes the same. You England, Hitlerism is destroying and burning up gallons of Black Oil, burning up lives. Give me an income from the Government Standard Oil. I haven't a penny to my name, \$1,300 down and a weekly income of \$75. Give me peace of mind. President Roosevelt and put a stop to the Brain Trust. Let us have peace, complete happiness and more here in God's great and beautiful earth."

George H. Bunge, assistant state attorney who appeared for the county said that Mr. Lusanne had applied for relief in Downers Grove township. He was offered food and relief, but demanded money. When he was told he couldn't have cash, but would be provided for, he started an incipient one-man riot.

In a scout story the editor's scribbles were taken by the line operator to be troop 3 instead of 7. Also, according to information supplied to the office for the same story, the scouts climbed 150 trees. While such an achievement is, no doubt, notable, such was not the case. So, in last week's library copy kindly substitute the word "planted" instead of "climbed."

Boner No. 2 was in the V.F.W. Poppy day story. It was stated that the local V.F.W. group purchased poppies at 50 cents a thousand. The amount should have read \$50.

Planting in Huddles

Plant in huddles so things shelter

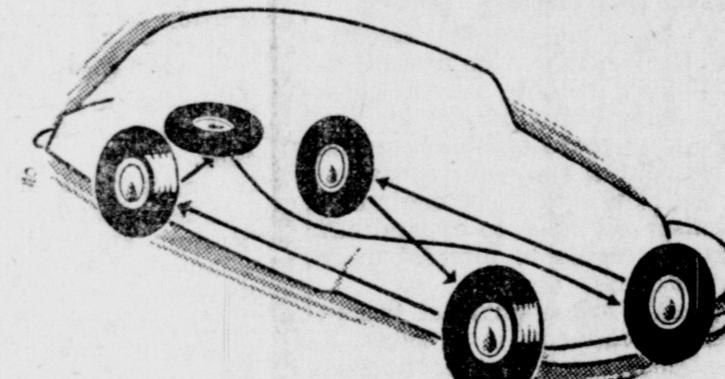

one another. Tuck small shrubs

close to large ones. Grow gladioli

and the like in close planted clumps,

rather than in long spindly rows.

SAVE YOUR TIRES

LET US HELP YOU . . .

1 Let us switch your tires every 5,000 miles to insure even wearing of all five . . . including your spare. You will get thousands of additional miles from the set.

2 Have your front wheels properly aligned and balanced. We have the most modern and complete equipment to check wheel alignment and balance.

3 Let us check your tires for cuts and bruises that should be repaired at once.

4 Let us keep your tires correctly inflated - not too low or over-inflated.

Gems of thought

Truth Eternal
What we have in us of the image of God is the love of truth and justice.

—Demosthenes.

Jesus answered . . . To this end was I born, and for this cause came I into the world, that I should bear witness unto the truth.

—New Testament: John 18:37

Christ did not simply speak the truth; he was truth; truth, through and through; for truth is a thing not of words, but of life and being.

—Robertson.

The ideals of primitive Christianity are nigh, even at our door. Truth is not lost in the mists of remoteness or the barbarisms of spiritual codes.

Mary Baker Eddy.

The greatest friend of truth is time; her greatest enemy is prejudice; and her constant companion is humility.

—Colton.

Falsehood is in a hurry; it may

be at any moment detected and punished; truth is calm, serene; its judgment is on high; its king cometh out of the chambers of eternity.

—Joseph Parker.

Soft Drinks Popular

L. B. Andersen is making repairs on his residence in E. Euclid ave., which was formerly the home of the Draper family. The roof was new in 1907. Mr. Henry C. W. Meyer was the carpenter and the material and his handiwork have withstood wind and weather until this time; also a modern heating system is replacing the original furnace which has not had new parts through the many cold winters. Some record for workmen and materials.

Mrs. Lena Bond, one of the nurses, spent Sunday and Monday with her daughter, Mrs. Joseph Schuler, at their country home at Cedar Lake, Ill.

Miss Maude Frary of Palos Park, spent Sunday afternoon at the Home visiting with Mrs. Josephine Bullis.

Mrs. Pauline Hess enjoyed a visit Monday afternoon with her friend, Mrs. Paul Hergert, and her niece, Mrs. Schudell, both of Chicago.

Mrs. Amanda Kraegel of Itasca called on her mother, Mrs. Emma Oldenburg Monday evening.

Mrs. Mary A. Johnson, Mrs. Charles Shirley and Richard and Janet Gillock, all of Chicago, called at the Home Saturday afternoon. They were pleased over the improvement of their cousin, Mrs. Josephine Linville.

Mrs. Agusta Peter and family with other relatives from here attended the funeral Wednesday in the city of Mrs. Lillian Sigwalt-Tepper, daughter of Mrs. Dora Sigwalt.

Mrs. Mary A. Johnson, Mrs. Charles Shirley and Richard and Janet Gillock, all of Chicago, called at the Home Saturday afternoon. They were pleased over the improvement of their cousin, Mrs. Josephine Linville.

Mrs. Agnes Nickol enjoyed a visit from her niece, Mrs. William Schoppman, of South Hall, her brother and his wife, Mr. and Mrs. Anthony Weindler, of Buffalo Grove, and her brother and his wife, Mr. and Mrs. Paul Weindler, of Park Ridge. Her sons, Reinhard and Clarence, have been frequent callers during the week.

Mrs. Dorothy Lambert enjoyed a visit Sunday afternoon from her mother, Mrs. Curtis A. Lambert, her grandmother, Mrs. Mary E. Wishart, her aunt, Mrs. Florence W. Fox, and her cousin, Miss Marilyn June Fox, all of Chicago. Dorothy gave her folks bouquets of lilies of the valley, which had been gathered from a garden just outside of Dorothy's room, sweet reminders of a happy visit.

Mrs. Herman Blume is recovering from a touch of pneumonia.

Dr. H. G. Dunn is recovering from recent illness and looking forward to getting out last of this week.

Mrs. Wm. Wilke entertained guests to luncheon last week Friday. Guests were Mrs. Edith Reinher, Mrs. Ethel Ende, Mrs. Clara Kennitz, Mrs. Mable Meaux and Mrs. Helen Zarnow, from the city. A company of friends who always enjoy periodical meetings with their members, social gatherings with fine programs.

C. A. Vogel has bought a new home in So. Vail ave.

J. Y. Beaty is recovering from his recent illness in his home in E. Euclid ave.

Mrs. Frank Wasser of Kensington rd. is a patient in Elmhurst hospital.

American Legion notes

"Fun Night," Tuesday evening, May 26 at the Legion Home. Every ex-service man is invited to attend this meeting. Come out and enjoy an evening of fun and entertainment with your former comrades. These meetings are held every 4th Tuesday in the month at which time something of interest will be held.

On Sunday, May 24th, we will meet at the Legion Home for the purpose of attending the Ninth District Youth Convention and parade. Be on time for the caravan will leave the Legion Home promptly at 12:30 o'clock.

Tuesday will be the last meeting to be held before Memorial Day so let us have a good turnout at which time the announcement for that day will be made by our Senior Vice Commander, Wm. Garmis, who is in charge of that activity. Come out and give Bill some deserving support.

The Carnival Spirit is in the air and meetings have been held and arrangements made. The time of the carnival this year has been set for Thursday, July 16, 17, 18 and 19. It is hoped to have a bigger and better show this year, more rides and special attractions to make it more interesting than ever. The place this year has been changed from the down town streets to Douglas avenue just east of the park, where we will have more room and better surroundings.

The Rank and File of our Post has again felt the loss of a Comrade Henry Miller who past away at Hines hospital on Wednesday, May 13th and was laid to rest at Arlington Lutheran cemetery Saturday, May 16th in full Military burial.

Summer roundup well attended

The summer roundup for preschool children held under the auspices of the P.T.A. in the public schools, the Mother's club in St. Peters school and the Ideal club in St. James Catholic school and the cooperation of the Health Center reached a successful conclusion last week.

A check up of all children entering kindergarten and first grade next fall for the first time was made by local physicians and dentists. The Health Center and the organizations who sponsored the roundup wish to thank the following people for their ready assistance.

The following doctors made examinations: Dr. Best, Dr. Meisenheimer, Dr. Schimmel and Dr. Carr and dental examinations were made by Dr. Baumann, Dr. Hill and Dr. Bostian.

The roundup at the public schools was under the supervision of Mrs. Haycock, chairman of the welfare committee. She was assisted by Mrs. Cubley, Mrs. Ford, Mrs. Oden and Mrs. Sommer. Fifty-six children attended this roundup.

At St. James round-up, Mrs. Abbs as chairman, was assisted by Mrs. Jorgenson and Mrs. Intravara. Nineteen children attended this roundup.

At St. Peter's school the Mother's club under the chairmanship of Mrs. Maschhoff had charge of their roundup. Those assisting Mrs. Maschhoff were Mrs. McCall, Mrs. Tubbs, Mrs. Moehling and Mrs. Engelking. Seventeen children were examined here.

Blood donors still needed

The chairman of the Blood Donors' committee of the Arlington Heights Woman's club reports a fine response to the plea for Blood Donors, for the Red Cross, but the club is still in need of a few more to reach the 100 mark.

It is necessary that 100 names be obtained before it is possible to obtain the Mobile Unit of the Red Cross, making it possible for donors to give their blood at home. Mrs. Haycock is anxious that there even be a few more than one hundred, that the total will still reach 100 after rejections are made, for of those offering it may be found that several are not in condition to give their blood.

All interested in aiding this worthy project, and in donating blood for the use of some wounded sailor or soldier boy are asked to contact Mrs. Haycock, tel. 1370 immediately.

Grade school stamp sales top \$1350

Since January 1 the North and South school children have purchased \$1,350.00 worth of war stamps, a right tidy sum in the eyes of this reporter. Since the organization of the bond drive the sales have more than doubled, so young Arlington Heights is out to do its part to make Arlington Heights go over the top in this war effort.

Mrs. Tom Hildebrand and Mrs. Clarence Day are in charge of the sale in the North and South schools, and are donating their time to this worthy project, thru the P.T.A. organization.

OPEN EVERY TUESDAY AND FRIDAY EVENING

If you're planning to visit your service men at camp . . . or to attend a gala affair on Memorial Day, you'll want to look your best. Let Ida Graft design a hairstyle just for you. We specialize in coiffures which are not only smart and becoming, but practical and easy to care for.

Mrs. John Shanklin entertained a group of women at a benefit bridge for the Bundles for America recently. Mrs. Schumacker and Mrs. Franke received high honors for the afternoon, with defense stamp serving as prizes.

Mrs. Mors and Mr. and Mrs. Milton Daniels motored to DeKalb on Sunday to spend the day at the teachers college as guests for parent day, sponsored by the college, and to visit their daughters, Jean Marie Mors, a sophomore, at the college and Jean Daniels, a senior, who will graduate this spring. While there they had a visit with Mrs. E. D. Whitmore of Rockford, who was there to visit her daughter, Ruth, who also graduated from DeKalb this spring. Cordelia Whitmore will enter DeKalb in the fall, and both of the Whitmore boys, Eugene and Wilson are married. Gene is in the service, stationed at Camp Forrest, and Wilson and his wife are living in Rockford.

Mrs. Donald Costain entertained sixteen friends on last Friday afternoon at a 1:30 dessert luncheon, as a farewell party for Mrs. James Groves, who with her family is moving soon to Dallas, Texas, where Mr. Groves will be in business. The party was also a handkerchief shower for the guest of honor and bridge was the diversion of the afternoon.

Mrs. Homer A. Cooke, Jr., the former Dolly Olson, and two other friends were overnight guests at the Paul Patrick home on Wednesday evening. The girls were enroute home to Eau Claire, Wis., from Trenton, New Jersey, where they have been spending the past few weeks with their husbands, in the service who left Sunday for active service abroad.

Mr. and Mrs. Lee Atkinson were hosts to the Ray Atkinson family and Mrs. R. S. Whittemore of Marshalltown, Iowa, for Sunday night supper. The occasion was the 17th birthday of Raymond, Jr.

Mr. and Mrs. Warren Fellingham were hosts to their bridge club for dessert and cards on Friday evening. Mrs. Collins received high honors for the evening.

Mr. and Mrs. Walter Schimmel, Jack Grose and Mr. E. H. Harris spent the week-end fishing at Wautoma, Wis.

Mr. and Mrs. Roy Lawbaugh spent Sunday as guests of Mrs. Lawbaugh's brother and family, the Carl Reynolds of Chicago.

Mrs. William Annen and daughters, Madonna and Patricia, returned home from Minnesota Saturday after spending a week with Mrs. Annen's mother.

Mr. and Mrs. Robert Fellingham and daughter, Elizabeth, were Saturday evening dinner guests at the home of Mr. and Mrs. Jack Monroe.

Mrs. Walter Lane was hostess to her bridge club for dessert and cards on Thursday afternoon last week.

The Missionary Society met on Monday evening in the home of Mrs. Beulah Burkitt to enjoy a pot-luck supper. The program for the evening was presented by Mrs. Herman Meyer.

Mr. and Mrs. Gustave Dueball had their small daughter, Diane Penelope christened at the St. Peter's Lutheran church on Sunday.

Parent-Teachers
hear talk on
bike safety

The Arlington Heights Parent-Teacher association held its final meeting of the year on Tuesday evening, and heard Mr. T. H. Dekker, assistant traffic manager of the National Safety Council of Chicago, give a talk on Bicycle Safety and summer safety.

Mr. Dekker gave the proper rules for riding a bicycle, and stated in his talk that bicycle accidents have increased 18 per cent in the past year, and with the great possibility of more bicycles on the highways it is important to learn how to ride properly and safely, and to teach our children to follow such rules. He recommended highly the registration of bicycles, the placement of bicycle racks before theatres, stores, and all other places where their use is prevalent.

Mr. Dekker stressed the importance of bicycle field days as a fine part of summer activities for children. He urged the promotion of bicycle safety lanes also, and the development of bicycle clubs.

Mr. Dekker gave several helpful safety suggestions for summer vacationists in his talk.

Mr. Donald Kyger, chief executive of scouting in the Northwest area was present at the meeting and presented the Cub Scout charter to the cubbing committee.

The new officers for the coming year were installed at the meeting, with Mrs. Kenneth Oden installed as president, Mrs. Walter Schimmel, vice president, Mrs. Austin McCarty, treasurer, Mrs. Robert Evans, secretary, Doris Clark, historian.

The grade school orchestra also appeared on the program and presented three very fine numbers, under the direction of Mrs. John-

Gay Nineties review

The Chanyata girls had a tea for their mothers at the home of Mrs. Volz on Monday afternoon. This was a part of the "Fortifying the Family" project of their Victory program.

The party was in the manner of the Gay Nineties. The hostesses wore dresses which had actually been made and worn in the eighties and nineties. They displayed hats and other garments of the period. A beautiful old Swiss music box tinkled out tunes. A "sure enough" family album with pictures of great Uncle Grandfathers in side burns, and Cousins and Aunts with bangs and curls was displayed. Mothers enjoyed looking at an old set of stereoscopic views and a friendship album embellished with flowers and doves and inscribed with poems and good wishes in marvelous old fashioned "shaded" handwriting.

Tea and cookies were served beside an exhibit of nature work of artistic and scientific interest, and note books showing the "Fortifying the Family" project of family food, family fun and family fixing.

Doll to be given
lucky girl at
'Bundles' picnic

Former Heights
student graduates
from Iowa State

Have you seen the beautiful doll on display in Collignon's store which in the near future will belong to some lucky little girl in the village? The doll and its wardrobe of twelve complete outfits from lingerie to evening clothes, all lying resplendent in a trunk which also belongs to the doll, is at present the property of the Bundles for America. However, at the Bundles for America picnic which will be held on June 20, the doll will become the property of a little girl. For details ask any member of the Bundles for America or at Collignon's where the doll is on display.

Warren Carlson, graduate of Arlington high school class of '38, a senior at Iowa State College, Ames, Iowa, is a Cadet Captain and Battalion Adjutant, the third highest office of the Battalion staff of the Reserve Officers Training Corps of Iowa State college.

A military parade composed of 1,500 men passed in review before the graduating class of this year's Reserve officers. Warren, a member of this class, will receive his commission as second lieutenant in the United States Army Reserve Corps the first of June. The graduating parade was held at this time to give the parents and visitors an opportunity to witness this event.

Several attend
May festival
at Iowa State

Mr. and Mrs. Nathaniel Carlson and Bernette, Mr. and Mrs. Leslie Moodie and Marjorie, spent Thursday, Friday, Saturday, and Sunday at Ames, Iowa, attending the twenty-first anniversary of Veishea.

Veishea is the annual May festival celebration at Iowa State college. Every department holds open house, showing a fine display of the college work.

Also included in the students activities were Vodvil, Military Review and parade, horse show, outdoor concert, parade of floats and other activities.

Warren Carlson, a senior and Jack Moodie, freshman, took part in the Delta Upsilon Fraternity skit "Radio Quiz Show" sponsoring "Glop." A humorous play in which a quizzing of pseudo-campus officials blend into a murder mystery. This skit won first place in the men's division, and second place in the entire vodvil program.

The Carlsons and Moodies had a most enjoyable visit, every minute occupied until late evening.

Others from the vicinity who attended the celebration were Mr. and Mrs. Arthur Schmitz, whose son, Roy, is enrolled as a freshman at Ames and Mr. and Mrs. Harry Sebert and daughter, Neva, of Glen Ellyn, whose son, Ray, is a freshman there. The Seberts formerly lived in Arlington Heights. Ray played in the band concert.

Mr. and Mrs. Thurman Dodge and Mr. and Mrs. Elmer Laurin enjoyed seeing "Good Night Ladies" at the Blackstone theatre in Chicago last week.

Mrs. Donges in
Choral club

Mrs. Dorothea Donges of Stonegate, Arlington Heights, has been asked to be one of the principals in the two act operetta "Rose of the Danube" being presented by the Park Ridge Choral club.

The operetta written by Geoffrey Morgan and Arthur A. Penn, is under the direction of Mr. G. Luntz of Chicago and will be given on Wednesday and Thursday, May 27 and 28, in the auditorium of St. Lukes church at Prospect and Cedar sts., Park Ridge. Part of the proceeds will be donated to the U.S.O.

The locale of the operetta is in the little Kingdom of Eurolania on the banks of the Danube river, where the populace is celebrating their annual rose festival. A prominent Hollywood motion picture director, who is visiting Eurolania decides to produce a romantic drama dealing with the love affairs of a prince and princess in a European Court and employs the royal family and the entire population. This eminent director is accompanied by his daughter, a movie actress, who promptly falls in love with Prince Karl, while the director's camera man falls in love with the Princess.

Since this all takes place in Central Europe the story of course includes a revolution. It is all very humorous, however, and ends very happily.

Mrs. Donges will take the part of Pamela, the Moving Picture Director's daughter who falls in love with the Prince.

Those desiring to purchase tickets may do so by calling Mrs. Donges at Arlington Heights 586-W. The price is 50¢ including tax.

Walther league talent festival big success

Region building at record high

Walther League Talent—2 o'clock. Over 1,000 were in attendance at the evening program May 17, bringing the 8th annual northern Illinois District Walther League Talent Festival held at Concordia Teachers' College in River Forest to a successful close.

Featured on the program was the All-Lutheran orchestra comprised of 85 members of the Walther League, directed by Mr. Edward Meltzer, conductor, and Mr. Andrew Wendelin, associate conductor. The orchestra also collaborated with the Portage Zone Choral Union in presenting several of the favorite Lutheran chorals.

The April total is over \$9,000—\$100 more than all building in the suburban towns last year—over \$33,000,000 that all building in Chicago last year—and approximately six times as great as the amount of all building combined in April, 1941.

It hardly seems necessary to point out that this stupendous increase represents war industries started or enlarged in April. The figure does, however, give one a realization of the overwhelming war effort that the building industry is making in the Chicago region.

In the matter of Defense Homes the April picture indicates a slight upward trend in the number of homes as compared with March but a falling off in the value. The suburban towns and the unincorporated areas show substantial improvement while the city of Chicago reports a heavy falling off. In the suburban towns 398 homes of this class were given permits during April compared with 309 in March. The average cost of these homes in the suburban towns fell to \$4,083 in April from \$4,221 in March.

Permits issued during April in this area included the following: Arlington Heights, 2 homes, \$14,050 value; Des Plaines, 5, \$33,125; Glenview, 2, \$15,000; Niles, 1, \$4,300; Skokie, 5, \$25,700. Only building in Bensenville was a \$100 garage; Mt. Prospect, \$825 garage; Northbrook, \$300 garage. No building was reported in Palatine.

Benders

"Benders" are known to police as automobile thieves who deliberately try to attract the attention of police men, so as to provoke a chase—just for the thrill of it.

SEVEN HURT IN HEAD-ON CRASH — When these two automobiles collided at the intersection of state routes 62 and 63, four miles east of Dundee at noon Saturday, seven persons were injured. The car on the left was driven by Dr. Benjamin P. Graber of Barrington while the machine on the right was driven by James Milligan, Chicago, formerly of Arlington Heights. Dr. Graber was alone but Milligan was accompanied by his wife, their twin sons, and Mrs. Milligan's parents.

Paris Calling is modern melodrama

Modern melodrama on a grand scale. That is a description in brief of the new Universal film, "Paris Calling," which comes to the Arlington next Tuesday and Wednesday.

In this, her first Hollywood production, Elizabeth Bergner reaches lofty cinematic heights. The star of such international film hits as "Escape Me Never" and "Catherin the Great" portrays a role specifically tailored to her talents. As the fiancee of Basil Rathbone in the opening scenes, she is the wealthy hostess who entertains the aristocrats of France, in her home, on the eve of the invasion. When she learns her country has been betrayed, Miss Bergner becomes part of the underground front.

Portrays Aviator

Randolph Scott, as the American aviator in the R.A.F. left behind after the evacuation, is befriended by and falls in love with Miss Bergner, does one of the best acting jobs of his career. His efforts to escape capture give the plot much of its impetus.

The supporting members of the imposing cast all are well selected for their roles. Gale Sondergaard as the proprietress of the cafe and Edward Cianelli, as the bartender, both members of the underground conspiracy, do outstanding work.

Shoe Polish

A splendid shoe polish is made by mixing a little milk with ordinary blacking. Rub a small quantity on the leather and very little polishing is necessary.

James Milligan and family in head-on collision

James Milligan and family, including the parents of Mrs. Milligan, were in a serious head-on collision Saturday at the intersection of routes 62 and 63, where Dundee and Algonquin roads pass over the belt line railroad west of Dundee. Mr. Milligan, a former Arlington Height resident, is the son of Jas. Milligan, 1118 north Dunton ave., Arlington Heights. The driver of the other car was Dr. Benjamin P. Graber, Barrington.

Dr. Graber, after treatment at hospital, was able to return home. Occupants of the Milligan car and the extent of their injuries were: James Milligan, father, dislocated hip, in Sherman hospital. Mrs. Milligan, her father Leo Mengenrich, and son son, Jerry, escaped with minor injuries. Jimmy, other twin son, probable skull fracture, in hospital. Mrs. Mengenrich, either a skull fracture or concussion, is in hospital.

On fishing trip

The Milligan family were enroute to Algonquin to spend the afternoon fishing. Milligan was driving west on route 62 and Dr. Graber, en route back to Barrington, after spending the morning in local hospitals, was eastbound.

Milligan told state police and Cook County deputies that he believed Doctor Graber intended to make a left turn to go north. The automobiles met almost head-on and occupants of the Chicago car were thrown forward, some of them going through the windshield or side glasses.

Boothe tells how to get ready for Decoration Day

What the well dressed man will want for over the holidays and what kind of footwear will be popular this summer for men, women and youngsters is a story that the Arlington Boothe, 8 Dunton ave., is telling this week. The Boothe has a complete selection of men's sportswear in a variety of style, fabric and color. All will be glad to know that the Boothe carries a large stock of summer footwear featuring the picturesquely 1942 hits.

Sleeping Before Midnight

It is a good thing to get sleep before midnight, but not because it is deeper or influenced in some way by the moon or stars. When people go to bed before midnight they usually get more hours of sleep than if they retired later, and the benefit comes from getting more sleep, not necessarily better sleep. The first two hours of sleep are of about the same quality, or depth, whether one goes to bed at 10, midnight or later.

Milligan told state police and Cook County deputies that he believed Doctor Graber intended to make a left turn to go north. The automobiles met almost head-on and occupants of the Chicago car were thrown forward, some of them going through the windshield or side glasses.

SCOTTING Before Midnight

It is a good thing to get sleep before midnight, but not because it is deeper or influenced in some way by the moon or stars. OBITUARIES

Mrs. Brahl

Mrs. Brahl, Prairie st., Des Plaines, passed away at her home Tuesday morning at the age of 63 years.

Survivors are four sons, Henry, Kurt, Oscar and Gilbert Umbach, two daughters, Caroline and Lulu, all of Des Plaines; also one brother, Fred Tegtmeyer, Des Plaines; and one sister, Louise Hildebrand of Palatine.

Services are being held Friday afternoon at 2 p.m. from the Lauterburg and Oehler Des Plaines chapel, Rev. O. C. A. Boeler officiating. Interment at Oakwood.

Fred Marshall

Mrs. Fred Marshall was born September 11, 1858 in Schale, Westphalia, Germany.

At the age of 24 years he came to America, seeking here to establish a new home. His destination was DuPage county. Here he spent the greater part of his life.

On January 25, 1884 he was married to Miss Bertha Gaare. To this union eight children were born; four died in infancy and one

son, Otto, preceded his father in death 16 years ago.

Mr. Marshall was a faithful member of St. John's Evangelical church, Bensenville, always living in the neighborhood of this church. The last 16 years Mr. and Mrs. Marshall made Bensenville their home. Although his age was more than four-score years, nevertheless he always enjoyed good health.

Last Wednesday night, shortly before midnight, he had a heart-stroke, which a few hours later ended his life. His age is 82 years, 8 months and 3 days.

Mr. Marshall leaves to mourn his life-long companion, Mrs. Bertha Marshall. (Last January they celebrated their 58th anniversary). Three children, Mr. Gustave Marshall, Mrs. Lillie Neumann and Mr. Alfred Marshall; three daughters-in-law; one son-in-law; seven grandchildren and a host of friends.

Funeral services were held Sunday, May 17, at 1:30 p.m. at Geis' Funeral Home and at 2 p.m. at St. John's Evangelical church, Addison, Rev. E. Bergstrasser officiating. Interment was in the St. John's cemetery.

Henry Miller

Mr. Henry J. Miller, 402 South Evergreen ave., Arlington Heights, passed away at the Hines Memorial Hospital, at Hines, Ill., Tuesday evening, May 12, at the age of 55 years, 2 months, and 1 day.

Mr. Miller was born March 11, 1887 at Tecumseh, Nebraska and at the age of 7 years came to Arlington Heights where he attended St. Peter's Lutheran school. At 14 years he was confirmed at St. Peter's Ev. Lutheran church in Arlington by Rev. Noack.

June 30, 1920 he was united in marriage to Miss Emma Nolting, and after their marriage this couple made their home in Arlington.

Mr. Miller was a member of Arlington Heights post of the American Legion, the legion participated in the services.

Mr. Miller leaves to mourn his departure his loving wife Emma, and a mother, Mrs. Sophie Miller, and one brother and one sister, Mrs. Katharine Heiden of Oak Park. Mr. Louis Miller of Arlington Heights; seven sisters-in-law and eight brothers-in-law, and a host of other relatives and friends.

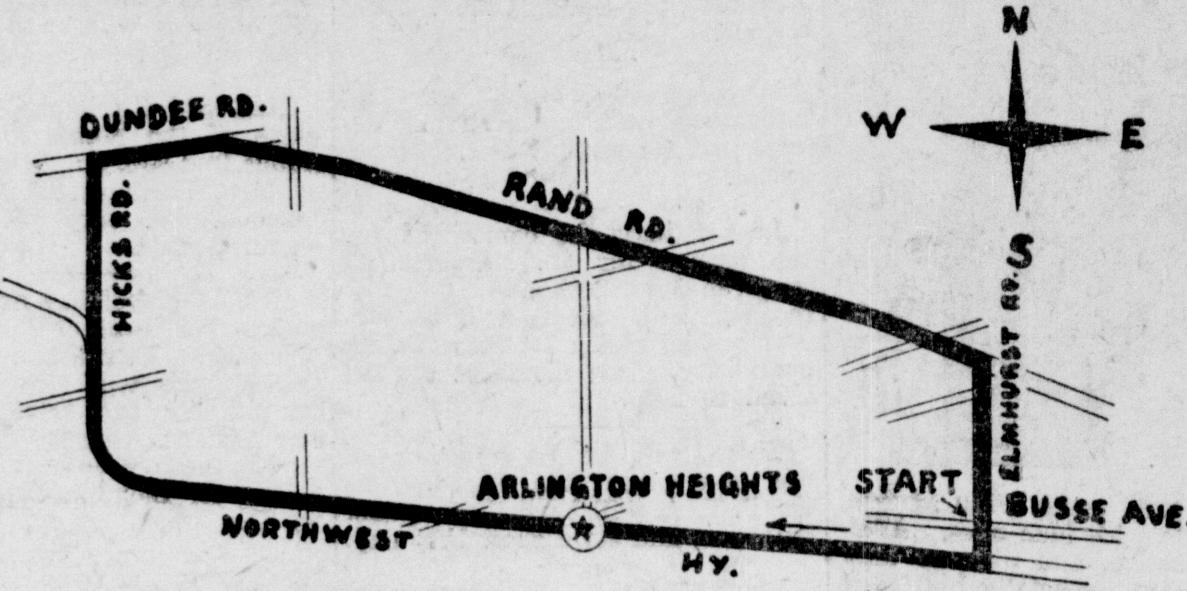

Funeral services were held Saturday afternoon at 1:30 p.m. at Karsten's Funeral Home and at 2 p.m. at the St. Peter's Ev. Lutheran church, interment will be in the St. Peter's Lutheran cemetery.

Mrs. Elmer Schroeder

Funeral services were held Saturday afternoon, May 16, at St. Matthews' Lutheran church, for Mrs. Frieda Schroeder, who passed away at the Elmhurst hospital on May 13 following an operation. She was the wife of Mr. Elmer Schroeder, 215 Evergreen ave., Arlington Heights.

Frieda Schroeder (nee Loeding) was born on March 18, 1904 to Gustav Loeding and his wife, Ida (nee Voss) now deceased. She was baptized in the Lutheran faith by

Route of 48-mile bike race, Sunday

Rev. J. Toepel and also confirmed on March 24, 1918 in St. Matthews' Lutheran church. On Sept. 23, 1939, she was joined in holy wedlock with Elmer Schroeder.

May 10, she submitted herself to Elmhurst hospital for an operation. Complications set in and on May 13, at about 2 o'clock her dear Lord called her to his heavenly home.

She leaves to mourn her departure her loving husband, Elmer; one son, Harry; four brothers, Rudolph, Martin, Gustav, Elmer; four sisters, Alma Staube, Florence Schmidt, Stella Schmidt and Marcela Loeding; three brothers-in-law; one sister-in-law; and a host of uncles, aunts and other relatives and friends.

Pallbearers were George Loeding, Walter Neitzel, Gilbert Mirs, Henry Blume, Alfred Gerde, and Ludwig Ehrenhardt.

Georges Stefanik

Georges Stefanik died at his home, 625 N. Kasper ave., Arlington Heights Thursday morning, May 14. The funeral was held Saturday morning from Lauterburg and Oehler funeral home to St. James Catholic church. Interment was at Buffalo Grove.

Mr. Stefanik was born in Czechoslovakia Sept. 4, 1884, coming to America when 22 years old, settling in Chicago in 1906. A year later he married Miss Justina Majerek. Six children were born to them, two of whom have died.

He was employed at Creamery Package Co. until January when he became too ill to work. He is survived by his wife and four sons, one of whom, Carl, is in the armed forces and came home from So. Carolina to attend the funeral. The other sons are Frank, Louis and Stephen.

CARD OF THANKS

We wish to thank the many friends who expressed their sympathy for our bereavement of the recent death of our mother, Mrs. Bertha Koehler.

Mrs. Arthur Schreider
William Koehler.

CARD OF THANKS

I wish to express my thanks for the beautiful floral offerings and many ways of kindness shown me in my recent bereavement. Also to Rev. Toepel for the comforting words.

Elmer Schroeder.

Remarkable Linguist

Probably the most remarkable linguist the world has ever known was Giuseppe Caspar Mezzofanti, who was born at Bologna in 1774, created a Cardinal of the Church in 1834 and died at Rome in 1849. The list of languages and dialects which he acquired reached the astonishing total of 114.

• Put a mile of loaded freight cars behind this locomotive and watch the way she works. You'll be surprised how quickly she gets 'em under way—how smoothly she keeps 'em rolling—how consistently she brings 'em in on time.

Naturally, we're proud of the job she is doing for America—the vast quantities of war materials she helps to transport to our fighting forces. And the effort she puts forth for Uncle Sam is being duplicated by every other member of "North Western's" equipment family. It's an "all-out" program.

But "North Western" isn't overlooking service to the home folks. When we're not doing things for Uncle Sam we're doing them for you. It's a big job and keeps us mighty busy—but we like it.

CHICAGO and NORTH WESTERN LINE

This Week in Wheeling

LUCILLE SCHNEIDER, Editor.

Metalcraft studio begins operating in new location

The Hagerstrom Metalcraft Studio is now operating in their new location in Wheeling, where they occupy the former Schminke property.

An extensive line of decorative hand-wrought iron objects designed by Ernst Hagerstrom and wrought by a staff of skilled craftsmen are offered by the studio. The attractive line of Hagerstrom Metalcraft has a wide distribution through mail order service. The first shipment went out from the new home of the studio in Wheeling last week.

The Hagerstroms are planning a more formal opening of the studio for the near future.

The Rev. D. C. Morrison is a commissioner to the 154th General Assembly of the Presbyterian church, U.S.A., which is meeting this week in Milwaukee, Wis. Mrs. Morrison has accompanied him and is visiting friends at Wauwatosa.

The Ladies' Pinochle club met for their final games of the season with Mrs. Fred Moeller last week. Mrs. John Hoffmann was a guest player. Prizes were won by Mrs. George Evert and Mrs. E. Welflin.

Wheeling P.T.A. president, Troy D. Lee, has been assigned to Navy Pier as special civilian aeronautical instructor. Mr. Lee has had previous experience in the field of aviation. He regrets that he will be unable to be an active member of Wheeling P.T.A. next season.

The members of the Prospect Heights St. James Catholic Women's Guild wish to thank their many friends for their generous contributions and support at last week's bake sale.

The next regular meeting of the Prospect Heights Guild will be held Thursday evening, May 28, at the home of Mrs. A. Allord, Wilton rd.

We welcome to our community Mr. and Mrs. George De Stores, who have moved into their new home at 11 north Parkway. We hope they will enjoy their new home and Prospect Heights.

President Sowick announced the appointment of a nominating committee, consisting of Lion Grover Jungbluth as chairman and Harold Jollis and Dan Robertson as members, to propose names of candidates for the various offices for presentation to the club on Nomination Day. It was also announced the regular annual election will be held the first meeting in June—namely June 10.

A very entertaining and educational color film "From the Forest to the Home" was shown through the courtesy of Mr. H. A. Spahn of Ideal Pictures Corp. The picture told the entire story of lumber and how it is cut and prepared for use by the Weyerhaeuser Timber Company. Lions "Pop" Jungbluth and "Double Pop" Stacy were the recipients of a number of useful objects, helpful suggestions and bits of advice that are going to be mighty handy in the very near future.

All Lions are urged to attend the next meeting, May 27. Important business and fun for all.

Mr. and Mrs. R. Ulrich, parents of Mrs. Ledyard, were guests at the Charles Ledyard home on Sunday. Mrs. Ledyard's nephew, Charles, who has been spending the past two weeks with the Ledyards, while his mother was ill, returned home with his grandparents.

Thank you

You warm and generous reception of your neighbors who called upon you during the recent pledge campaign was most gratifying. Your tremendous response is the foundation of speedy victory for our country.

Vice-chairman
Cook County Towns North

Enter flowers in garden show

It's really too bad that the season is ahead of itself with so many lovely tulips and iris now in bloom, but the early June flower show to be held in Mt. Prospect will no doubt be a different one than in previous years, so let's plan on entering whatever we have blooming at the time of the showing.

Prospect Heighters have earned a reputation for lovely gardens and have won many awards at neighboring flower shows. For full details on the show, your entries, etc., consult the Mt. Prospect articles regarding same on the front page of this paper.

Mrs. Wm. Gottschalk passes away Sunday

WHEELING grade graduation is next Thursday

Commencement exercises for Wheeling public school will be held Thursday evening, May 28, in the Community hall.

A class of thirteen graduates will receive their diplomas.

They are Alice Ortegel, Shirley McCrindle, Polly Person, Patsy Roeder, Betty Frank, Howard Welflin, Earl Dueball, John Miller, Ray Hanson, Fred Grandt, and Kenneth Bard. The public is invited to attend.

The school term will close Friday, the 29th when pupils of all other grades will receive their final report cards.

The annual school picnic is scheduled for Tuesday the 26th, at which time families are invited to join in the picnic dinner. The children are all hoping for good picnic weather.

Mrs. Edward Gieseke, Sr., entertained her 500 club at the home of her daughter, Mrs. Henry Mayer on Wednesday evening. Mrs. Helene Osterhaus was a guest player. Prizes were won by Mrs. Arthur Fassbender, Mrs. William Laurance and Mrs. Edward Bucker.

Defense dance Saturday to be a big event

Big feature is \$250 prize list

Entertainment and fun for all will be the rule at the big civilian defense dance this Saturday night at the Mt. Prospect Country club. As this dance is for all Elk Grove township, police chief George Whittenberg, dance chairman, expects it to be well supported.

People who have not been contacted by their air raid wardens, who are collecting for the tickets, may bring their money to the dance and pay for their tickets at the door.

John Pohlmann, Mt. Prospect, is dance treasurer, and will accept payment for tickets. Those who do not attend the dance are eligible for prizes, if they send in their ticket stubs for the drawing.

Air wardens must turn in all money collected to Mr. Pohlmann before Saturday.

Parties desiring extra tickets may secure them from Martin Green, ticket chairman, or ticket committee members.

Johnny Jones' orchestra, which broadcasts over N.B.C. and Mutual network, will furnish the music for the dance. This band is a show in itself with its novelty songs and acts.

A prize drawing for prizes totaling \$250 will attract much interest. Patriotic local merchants have donated these prizes.

The Mt. Prospect Men's club and the citizens committee are in charge of dance arrangements. The purpose of this dance is to raise funds for local defense needs. A first aid station is to be set up on Main st., and supplies are needed for other groups.

Four stretchers have been secured for the auxiliary medical division.

All Left-Handed

Servicemen's mothers club party successful

Service Mens' Mother's club card party which was held at the Arlington Heights field house Friday evening, was a big success. There were quite a few out of town guests in spite of the disagreeable weather that prevailed during the evening.

The main speaker of the evening, Department of Illinois Judge Advocate David Stone, gave a stirring address relative to the beginning of the American flag to the present day. In his speech Judge Stone stressed the expressions and actions toward the flag from an outward source just as well as the internal feeling direct from ones heart. The flag has been flown through trials and tribulations of all natures, in all wars that this country has been involved in and let us again see to it that the flag flies victoriously in every hamlet, village, home and city in the country.

The boys that are doing the fighting for us today need that spiritual and physical encouragement, just as well as the boys of 1917 and 1918 or the Spanish American war and when they return the people of this country will still retain the freedom of religion, press and speech which we are so justly proud of.

Mrs. Ed. Dearie, chairman, wants to thank all of her committee, consisting of Mrs. M. Saar, vice chairman; Mrs. J. Podzimek, 2nd vice chairman; Miss Adaline Podzimek, secretary; and Mrs. Jos. Zitsk, treasurer. Also all of the other members who helped to make this an enjoyable party.

All members want to thank the Park board for the use of the field house and all the merchants of Arlington Heights, Mt. Prospect and Prospect Heights, who donated gifts for door prizes.

The lucky holder of the War Bond was Mr. R. M. Firnbach of Arlington Heights.

The club is asking all mothers for the present address of their boys in the service, in order that gifts may be sent.

The V.F.W. presented a service flag to Mrs. Ed. Dearie of the club. Mr. Rippey served as master of ceremonies.

Arlington's coming generation

Birthday greetings to William Garms, (left) son of Mr. and Mrs. Irvin Garms, 25 south Dunton avenue. He is 7 years old today, May 22.

William is a blonde with blue eyes. His hobby is playing ball with his friends, but he is proud of his pedigree Mexican dog. Like most boys, he will be glad when vacation time comes to free him of his first year's school studies.

Allen Sander, (center) 16-month old son of Mr. and Mrs. Alfred

Sander, 135 south Pine avenue, is a blonde with blue eyes. Allen is extra active, and likes to play with children, especially his "big" sister Joan.

Joan, (right) daughter of Mr. and Mrs. Alfred Sander, 135 south Pine avenue, likes her brother, has blonde hair and blue eyes. She is in second grade at St. Peter's Lutheran school. Besides playing with her little brother, she fancies reading and paper dolls.

Jean Ellen, (left) is the 13-month old daughter of Mr. and Mrs. Carl Ewert, 827 south Mitchell avenue.

She has blonde hair and blue eyes. She likes her father and the first word she said was "daddy." Jean Ellen has a fish toy that she is mighty proud of but her real pal is her "big" sister, Barbara Ann.

Barbara Ann Ewert, (center) will be 6 years old July 3. She has long, blonde curly hair and blue eyes. Barbara Ann is in kindergarten, taking music lessons and

even doing a little composing on the side. She likes to visit her dad's store and she'd like nothing better than assisting her father every day.

The son of Mr. and Mrs. Clifford M. Shaffer, (right) is also a Sherwood youngster. He is 3 1/2 years old May 31st, and he's looking forward to that day. He has brown hair and blue eyes. "Rusty," his cocker spaniel dog, is one of his best pals and they enjoy hunting rabbits and pheasants in Sherwood.

The young lady on the left is Jane, daughter of Mr. and Mrs. Edw. Schumacher, 1208 Watling road, Sherwood subdivision. Jane will be five years old July 7. She's looking forward to kindergarten next fall. She has light brown hair and blue eyes.

"Cappy," son of Mr. and Mrs. L. B. Hendricks, (right) is also a Sherwood youngster. He is 3 1/2 years of age, has blonde hair and blue eyes. He likes to be with his daddy and he joins his dad in building things. His greatest joy is making something for his father.

War bonds are prizes in golf tournament

A war savings bond prize list of thirteen hundred dollars for winners in the All-American Amateur golf tournament to be played here at Tam O'Shanter Country club from July 20 to 25, was announced today by Tam O'Shanter's president, George S. May.

Ranking as the only nationwide amateur contest of its kind in the country this year, the tournament will be held in conjunction with the four-day \$15,000 Tam O'Shanter National Open, which will be played over the same course from July 23 to 26.

The winner in the match play amateur event will receive a \$500 defense bond and a trophy emblematic of first place All-American honors. The runner-up will be awarded a \$250 bond with \$125 each going to the semi-finalists.

"For lack of answer none of them shall die"—wrote Chaucer. And for lack of answers to the seven questions in today's Guess Again no one shall die. Try your luck by just placing a mark in the space provided and check below for correct answers and rating.

(1) When one refers to the Renaissance he means: (a) a famous French food; (b) a current Broadway play; (c) a French seaport; (d) a period in history.

(2) "Alice in Wonderland" was written by: (a) George B. Shaw; (b) Sinclair Lewis; (c) Lewis Carroll; (d) Hugh Walpole.

(3) The leader of the symphony orchestra pictured (twice, so look carefully) above is standing on a: (a) podium; (b) black; (c) escudo; (d) vestige.

(4) If it was 10 p. m. in New York it would be in London: (a) 5 p. m.; (b) 3 a. m.; (c) 8 a. m.; (d) 10 a. m.

(5) One of the ingredients to be found in coffee is: (a) nicotine; (b) ethyl; (c) caffeine; (d) carbohydrates.

(6) The heart is located: (a) in the stomach; (b) in the rectum; (c) in the posterior appendicular skeleton; (d) between the lungs.

(7) A goldfinch is a: (a) fish; (b) bird; (c) disease; (d) foreign sport.

ANSWERS AND YOUR RATING WILL BE FOUND ON THE CLASSIFIED PAGE.

Strange Building

The cathedral of St. Basil in Moscow is one of the strangest buildings on earth and is described as a "nightmare in stone." It has 20 gilded domes and towers all of contrasting shapes, designs and sizes, representing an assortment of architectural styles unfitted for presentation in one building.

Northbrook news

Mrs. Fred Willis enjoyed a pleasant week-end in Ohio visiting friends.

Mayor Sam Campbell gave an interesting talk on National defense last Wednesday at the Maple school.

Last Friday the committee for the bazaar for St. Norberts, to be given June 20th and 21st, met in their hall. There will be several booths and a lot of work for everybody. The members are all asked to help.

There will be no meeting of the Red Cross this Tuesday, as the P.T. A. will have their spring luncheon, and style show that day.

Plans for the commencement exercises for the Maple school have been started.

Mrs. V. Havel has as her house wife her brother's children of Wheaton, David, and his sister, Marlie, who will stay here until their parents are settled in their new home in Kansas City. Mr. and

is bound by Willow road, township line (the river and Sander road), County line, North of Sunset Ridge and north Waukegan road. Election of coordinating officers of this district will be held. Questions will be answered gladly.

Mrs. Sid Sipchenko, past president of the Maple and now residing in Lisle, Ill., was the guest of Mrs. Thomas last Monday afternoon. A very pleasant visit was reported.

Mrs. V. Havel has as her house wife her brother's children of Wheaton, David, and his sister, Marlie, who will stay here until their parents are settled in their new home in Kansas City. Mr. and

Mrs. L. Lloyd are planning to go this week.

War Production

and Electric Power

in Northern Illinois

The electricity we serve in a large area of northern Illinois is essential in the production of materials and equipment needed to win the war. Our first responsibility is to furnish power to the industries making the implements of war for our armed forces.

The employees who keep this power flowing know that the job they do is vital. They know that the power to produce is the power to win.

Seek injunction
against Niles for
business license

Harold Slayton and Jacob Adams, proprietors of a riding academy on Milwaukee ave., in Niles village, have filed suit against the village in Superior court.

It is alleged the village has refused to give them a renewed license for their academy because it does not comply with the zoning laws although it has been operated for a good while.

An injunction is asked to compel them to issue a license and to prevent them from interfering with the place.

TWO INJURED
WHEN AUTOMOBILE
STRIKES HORSE

Porter K. Gilbert, 57, Chicago, and Anna Vanderpool, 46, Chicago, were removed to Condell Memorial hospital at Libertyville after their car struck a horse on Route 59, north of Rand rd.

Gilbert, driving north on Route 59, said that a horse suddenly bobbed up in front of his car. It had broken out of a pasture and had run onto the pavement.

Gilbert and the passenger in his car were both cut and bruised, and the horse was injured so badly it had to be destroyed by deputy sheriffs. The horse was owned by Mrs. Agnes Weber, of Route 59 and Rand rd.

BARRINGTON CAR
COLLIDES WITH
CHICAGOAN; 4 HURT

Four persons, including a four-year-old child, were hurt in an auto collision at the intersection of Ela and Rand rds., near Lake Zurich.

Henry Sandman, 57, of Route 1, Barrington, was traveling south on Ela rd. when at the intersection of Rand rd. his car was in collision with an automobile driven by J. V. Neidecker, 27, of Chicago.

The drivers and Mrs. Eleanor Neidecker and her four-year-old child, Gail, were cut and bruised. All were given first aid treatment at Lake Zurich.

Marriage licenses

Licensed in Chicago:

Peter T. Manos, 43 and Emma Lessmann, 25, both of Des Plaines.

Melvin J. Ahrens, 22, Morton Grove, and Rosemary Maloni, 21, Chicago.

Harold J. Gouwens, 21, South Holland, and Vera Flessner, 21, Skokie.

James P. Walsh, 65, and Luella Puce, 34, both of Glenview.

Robert J. Fox, 20, Skokie, and Louise Ames, 19, Chicago.

Robert H. Richards, 23, Arlington Heights, and Violet Lundskoog, 21, Park Ridge.

Arthur Buehler, 48, Crystal Lake, and Mrs. Bertha Cerny, 41, Fox River Grove.

Four cars and
truck collide on
Milwaukee avenue

Four cars and one truck was the toll taken Sunday morning along Milwaukee avenue about a half mile north of the Morton Grove police station.

Sam Greene of Harvard, Ill., had been parked on the west side of the pavement when he pulled onto the cement, driving north just behind a truck. He failed to observe a second truck driven by Dal King of Chicago, who swerved in an attempt to avoid collision.

The truck then careened into the northbound lanes, striking two other cars. These autos were driven by August Seibert of Arlington Heights and Ted Tanozec of Chicago.

Damage was inflicted to the vehicles involved but none of the drivers was hurt.

BENSENVILLE CHURCH
GIVEN MORTGAGE

Barbara Fekler, who died in Chicago Feb. 28, left a \$40,000 estate according to an estimate given to Probate Clerk Frank Lyman. She left the German Evangelical Orphans and Old Peoples Home in Bensenville the first mortgage, amount not stated, also certain real estate subject to the life use of her brother.

County board
upholds trailer
zoning laws

The Board of Commissioners of Cook County last week took two steps to provide for the health and safety of trailer camp occupants, and to protect residential zones of the County from the indiscriminate and unregulated establishment of such camps.

By denying a petition for amendment of the zoning ordinance to establish a trailer camp in Worth township at Ridgeland and 123rd street, the Board held rigidly to the zoning regulations, which have encouraged a good Palos Heights area. In adopting a resolution giving the county public health unit additional regulatory power over the operation of such trailer and cabin camps, the Board took the effective step of looking after the health requirements of the occupants of any such camp.

"In adopting the County zoning ordinance," Mr. Smith continued, "the Board took the definite position that cabin camps and trailer camps should not be allowed to locate indiscriminately in residential areas, since other areas are provided in the County totalling more than 10,000 acres of land where such camps could be located. This land is either unoccupied at the present time or is only partially occupied by industrial or business uses, and is appropriately located for trailer and cabin camp establishments. Many of them are situated near industrial plants. Others are adjacent to main highways leading to these plants. With few exceptions they are at locations where water supply, septic tanks and adequate drainage exist or can be provided."

Bicycle racks
to be placed
in Park Ridge

Placing of numerous bicycle racks throughout the community, the largest of which will accommodate from 40 to 60 bikes, is being planned by the Park Ridge Safety council.

The large rack will be placed in front of the Pickwick theatre to accommodate theatre patrons, visitors to the library, and downtown shoppers, according to council spokesmen.

Two autos collided Friday afternoon outside gate 2 of the Buick plant, Melrose Park, but no one was injured in the collision.

Murray Spindel, Chicago, was driving north on rte. 45 when Carl Wehrmeister, Clarendon Hills, drove from the gate. The collision followed. Neither driver suffered injury.

Bensenville family
in collision but
are unhurt

Ewald Anderson of Bensenville was in a collision on Irving Park blvd. Friday evening while riding with his wife and daughter, but all escaped injury.

Anderson was eastbound when he struck the rear of an auto driven by John Serna of Argo. Serna had been motoring north on Cumberland and missed the stop sign at the junction with Irving Park blvd.

None of the occupants of the two autos was injured.

FORECLOSURE SUIT

The Home Owners Loan Corporation has filed a foreclosure suit in Superior court against Sam Evans and wife on a small dwelling in Palatine valued at \$3,000. They claim \$1,843 due for principal and interest on a loan made on it.

SUE FOR DAGAMES

Mr. and Mrs. Michel Lewis have sued Albert P. Mikolajek in Superior court for \$30,000 damages for injuries in a collision of automobiles on Milwaukee ave. at Waukegan road Nov. 6. It is alleged the defendant hit the Lewis car so hard it was wrecked and the Lewises were both seriously injured.

Wills Filed

SKOKIE

The will of Peter N. Krischt, who died in Skokie, Feb. 15, leaving \$5,000 gives it all to his niece, Martha Detzauer, of Skokie.

Elk Grove Home
Bureau meets
Wednesday

The Elk Grove unit of the Cook county home bureau will meet Wednesday evening at 8 p. m. at the home of Mrs. Irving Scharringhausen, south State rd., Arlington Heights. Roll call is "The nicest thing that has happened to me this year."

Major project for the evening is

a discussion of home canning by home adviser Marie Cornelius. Minor project is pleasure in dishwashing by Mrs. George Scharringhausen.

Telegram proves
that 'Saratoga'
is still afloat

It took a Mother's Day greeting to disprove the report of a Japanese naval victory!

Tall, blonde Clinton Butler, son of Mrs. Mary Butler, 5907 Capulina ave., is on duty aboard the Saratoga. The American aircraft carrier was supposedly sunk the first of last week by the Japs in the battle of Coral Sea, northeast of Australia. The allies denied it.

On Mother's day Mrs. Butler received a dozen red roses and a telegram from her son. The telegram came from "somewhere in the Pacific" proving that both Clinton Butler and the Saratoga are still afloat.

as ration head, wife
both seek sugar

Last week in Park Ridge Fred Miller's face was a sugar beet red. He knew it was M day for sugar rationing registration, so he decided to go to school and do the job himself. Having made the decision, he requested his secretary to relay the news home, and departed to do his duty.

The sugar books were duly issued and dutifully delivered home to Mrs. Miller—who also had a set of them. Was his face red? Mr. Miller is head of the Defense Rationing Board in Park Ridge!

P. S. His secretary forgot to phone home.

BARRINGTON MAN
FALLS ASLEEP,
STRIKES POLE

Donald Thatcher of Barrington fell asleep at the wheel about 4 a. m. Sunday morning while driving along Dundee rd. near rte. 83 but was uninjured.

Thatcher had been driving west on Dundee rd. when a morphine overtook him. The car went into the ditch and stopped against a Public Service light pole. Thatcher was uninjured.

CARS COLLIDE
OUTSIDE BUICK PLANT

Two autos collided Friday afternoon outside gate 2 of the Buick plant, Melrose Park, but no one was injured in the collision.

Murray Spindel, Chicago, was driving north on rte. 45 when Carl Wehrmeister, Clarendon Hills, drove from the gate. The collision followed. Neither driver suffered injury.

BUS SERVICE
OPENS BETWEEN
SKOKIE-EVANSTON

The Illinois Commerce commission Wednesday ordered the Evanston Bus company to provide bus service from the northeast section of Skokie to Evanston to serve children who attend Evanston schools, shoppers and commuters.

Service must start within 30 days, according to the commission order, and will be for a six month trial period.

MINOR COLLISION ON
MILWAUKEE, NR. BALLARD

A minor collision resulted Saturday night along Milwaukee ave. near Ballard rd. when two cars collided. Drivers of the two vehicles were Walter Racynski and R. Berkert, both of Chicago. Damage was slight.

Strawberries fall
when truck strikes
culvert, tips over

A truckload of strawberries tipped over Saturday morning about two o'clock along Waukegan rd. near Willow rd. when the driver ran off the highway and struck a culvert.

Richard Webb, Chicago, was driving the truck to Milwaukee from Bald Knob, Arkansas, when the accident occurred. W. H. Nichols, Bald Knob, Ark., passenger in the truck, was injured and taken to the Northwestern hospital in Des Plaines.

WILLS FILED

SKOKIE

The will of Peter N. Krischt, who died in Skokie, Feb. 15, leaving \$5,000 gives it all to his niece, Martha Detzauer, of Skokie.

Elk Grove Home
Bureau meets
Wednesday

The Elk Grove unit of the Cook county home bureau will meet Wednesday evening at 8 p. m. at the home of Mrs. Irving Scharringhausen, south State rd., Arlington Heights. Roll call is "The nicest thing that has happened to me this year."

Major project for the evening is

a discussion of home canning by home adviser Marie Cornelius. Minor project is pleasure in dishwashing by Mrs. George Scharringhausen.

Asks \$1,875 from
construction Co.
for nonfeasance

Lars Larson has filed suit in Superior court against Garfield Enstrum doing business as the Enstrum Construction for \$1,875 for failing to build a house for him in Skokie according to the specifications.

It is alleged a contract was let in June last year for a five room residence. It is alleged certain work was not as required in the contract and cost \$875 to repair or replace and \$1,000 additional is asked for damages caused by this failure to comply with the specifications.

It is alleged the contract was let in June last year for a five room residence.

It is alleged certain work was not as required in the contract and cost \$875 to repair or replace and \$1,000 additional is asked for damages caused by this failure to comply with the specifications.

Navy air corps seeks high school graduates

How local high school graduates may now qualify for training to become flying officers for America's "first line of the first line of offense" — the Navy air force was explained by Lieut. Carl G. Olson, senior member of the Chicago Naval Aviation Cadet Selection Board.

Previous requirements for advanced education were waived early this month by the Navy department in Washington.

Initial applications may be made at the nearest Navy recruiting station. Here a preliminary "screening" test to determine flight training aptitude is given. After passing this test, the prospective pilot candidate comes to the Selection Board in Chicago at government expense for further consideration. This, however, is with the provision that we have his parents' written consent if he is under 21.

Applicants under the new program may be a year younger than heretofore with the new 18 to 27 age range now in force. The future Naval aviator still must be single and in good physical shape, however.

High school graduates accepted with the next few months will be among the first to get the extraordinary benefits of a 3-month pre-flight training physical conditioning period on the University of Iowa campus.

Here a part of the 800 prominent coaches and athletes being commissioned by the Navy to develop individual stamina and physical prowess will train prospective flying officers for 90 days first class at Iowa May 28.

IT'S THE LAW

NEWS IN LEGAL ADVERTISING

Buried in what may seem to be an obscure corner of the newspaper is a small advertisement. It may be only a few lines. It is a Public Notice, sometimes known as Legal or Official Advertising. These Notices are common to practically all newspapers of general circulation.

Such Notices may be from an individual to say that on and after a given date he will not be responsible for any debts other than those contracted by himself.

It may be a warning to all persons holding claims against an estate to present them for settlement. It may be a Notice of election, or of the appointment of a guardian, or of a public improvement, or of the impending purchase of supplies for a public agency or service. There are hundreds of varieties.

In every case these Notices are required or permitted by law. As such they are important. The law often fixes the form in which they shall appear, the size of the type to be used and the rate to be charged. This also accounts for the location and appearance of these Notices.

To paraphrase an old saying, "where's news in them that notices" — news of friends, neighbors and acquaintances, news of public affairs, and news that may affect you as an individual of the community as a whole. Newspapers occasionally print news stories calling attention to such advertising when it is of special importance. But every such Notice is there for a purpose. It deserves to be read like any other news in the paper.

News of Yesterday...

FRIDAY, MAY 20, 1942

Itasca

A miscellaneous shower was given at the home of Mrs. Chris Oldenburg on Tuesday in honor of Miss Koepnick whose marriage to Mr. Paul Oldenburg will be celebrated soon.

Mr. Lamprecht, our new grocer and butcher, enjoyed a splendid business on the opening day last Saturday.

</

THE HOME FRONT

The White House reported the Nation's vast cargo ship construction program is on schedule and "The American people can be assured that the shipyards will do the job assigned to them." The statement said shipyards delivered 120 new vessels in the first 130 days of this year, 20 percent more than were built in all of 1941, and the production peak has not yet been reached.

American shipyards are building merchant vessels faster than ever before in the history of the world, the White House said. Cargo ships are being built in less than one-half the time originally allotted. "The progress made thus far is easing our shipping problem, but there will be a shortage of ships until sinkings throughout the world are brought under better control and the shipbuilding program gets into full production," the statement said.

Cost of Living

The Office of Price Administration said the general ceiling on retail prices, now in effect, is expected to cut the cost of living by 1 1/2 percent. The Labor Department reported that by mid-April, families of wage earners and lower-salaried workers had to spend \$1.17 to buy the same things for which they spent \$1.00 before August, 1939.

Price Administrator Henderson said the American standard of living will be reduced to the depression-level by the end of 1943. Civilian purchasing power will be about three times the 1932 figure while available consumer goods will decrease 25 percent during 1942. To aid the anti-inflation program, representatives of the 550,000 shipyard workers in the Nation's private shipyards agreed to relinquish approximately \$80 million in wage increases, the WPB reported.

Civilian Supply

The WPB notified stove manufacturers whose sales for the year ended June 30, 1941, totaled more than \$2 million, as well as those in any of 39 "labor shortage areas," that they cannot produce domestic cooking and heating stoves after July 31. Manufacturers authorized to produce stoves were limited to certain approved types and to monthly iron and steel use of 70 percent of the average they used in the year ended June 30, 1941. New installations of air conditioning and commercial refrigeration equipment were banned, except for war and essential civilian requirements. Anti-freeze production was limited to 50 percent of 1941 output. Manufacture of colored sheets must cease July 1.

The Office of Emergency Management said an average of 3 1/2 percent of all American motorists are wearing irreplaceable rubber from their tires each month. To date about 5 percent of United tin company plane production this

BUY BONDS

with Mars. A specialty shop here held an "ingenuity show" that revealed: a wool-like cloth that's made of soy beans . . . a "victory" electric fan, with blades of masonite, and with silver instead of copper in the cord-wire . . . a sun-lamp bulb which needs no reflector or metal stand because the reflector is inside the bulb, which screws in an ordinary electrical outlet . . . a clothes brush with no bristles at all — it's made of plastic and cleans by friction. There'll be a lot of that. Materials due for a terrific upsurge in just this sort of thing are glass, plastics, and wood.

Acquisition

"Acquisition" instead of "quisition" seems to be the word in connection with the government's moves toward private autos. Talk is growing that steps will be taken to acquire unusable or non-essential private cars, but it does not mean any indiscriminate taking-over. Instead, owners will be urged to sell to the government cars which are already short on tires, "second" cars in families which need only one, and cars put "on the shelf" on account of priorities or gas rationing or one priorities and other.

Railroads

Washington observers are wondering where the railroads are going to get the 320,000 new employees needed before January 1, 1943, to meet expanded operations, draft losses, et cetera. The carriers are already hiring all the men they can get hold of. Qualified men are getting scarcer. The railroads are hoping to get assistance from the Selective Service in the form of instructions to the draft boards to help the railroads out by deferring experienced men. The order, however, has not yet come through.

Expert Discusses Farm Price Ceilings

Various sirups replace sugar in baked goods

The blue-ribbon cake baker these days is the homemaker who can switch back and forth between molasses, corn sirup, honey, sorghum and sugar and still turn out a good product. That's the opinion of food research workers in laboratories at the department of home economics, University of Illinois College of Agriculture.

In fact, they say it's no trick at all to use corn sirup, molasses and sorghum instead of sugar, if a few rules are remembered.

Rule one is to use the same measure of sirup as of sugar. If the recipe calls for one cup of sugar, a cup of sirup may replace it.

Rule two is to allow for the fact that sirups contain water. Therefore the liquid in the recipe will have to be reduced. For each cup of sirup used, reduce the other liquid by one-fourth cup. For example one cup of sugar and one-half cup of milk could be converted to one cup of sirup and one-fourth cup of milk.

Rule three is to double the vanilla and increase the salt slightly for corn sirup cakes. The taste is better. Spice cakes made with corn sirup might be spiced a little more. Vanilla is omitted in honey, sorghum and molasses cakes.

Rule four is that for sirups such as sorghum and molasses, one-half teaspoon of soda is added for each cup of sirup. Soda has leavening power. Therefore the amount of baking powder must be reduced. A good rule is to reduce the baking powder one teaspoon for each one-fourth teaspoon of soda used.

The usual conventional method of mixing a cake will be quite satisfactory. Perhaps the only difference is to use more strokes to mix the liquid and the dry ingredients. Sirup cakes should be baked in a moderate oven (375 degree Fahrenheit) about 30 to 35 minutes.

Better-textured cakes result from using half sugar and half corn sirup, although an all-sirup cake is considered quite acceptable. It is not quite as sweet as the ordinary cake. Sorghum and molasses made cakes verge toward the gingerbread idea, but if a half and half combination is worked out with sugar, the cakes are very light and velvety.

Tree Swallows Tree

A fir tree that had "swallowed" another tree was discovered in the sawmill of the Booth-Kelli Lumber company of Springfield, Ore., in 1926. When the log, four feet in diameter, was cut in two, another separate tree, 15 inches in diameter, was found in the middle of it.

\$5 TO \$25 FOR CRIPPLED OR DEAD HORSES AND COWS

\$5.00 is the least we pay for dead horses or cows in good condition. Also pay for dead calves, hogs and sheep.

Norton speaks of three points in question

There are three main points at which the application of new price ceilings established by order of the OPA touch the interests of Illinois farm people, according to L. J. Norton, chief in agricultural marketing at the University of Illinois College of Agriculture.

In the first place, he pointed out, these ceilings will tend to hold down the costs of many goods which farm people will purchase. In addition the ceilings will tend to set limits on prices of certain farm products and, third, they will tend to prevent a rise in marketing and processing margins.

On this latter point Norton said, "Dating the maximum prices back to the March level may, in fact, have the effect of squeezing down marketing margins. This would be particularly true in cases where the demand for a product is extremely strong in relationship to the supply. Such a situation seems to exist in connection with hogs and pork. Currently, the government is taking about 30 per cent of the slaughter of pork for shipment to our Allies. It is anticipated that the production of pork will run about 15 per cent above last year for the balance of this marketing season—that is, to October 1. Obviously less pork will be available for home consumption this year than last. Such a demand-supply situation would tend to maintain this price of hogs at a high level in relation to retail prices. If marketing margins can be successfully held down, it will tend to prevent one of the unbalancing forces which operated so strongly after the last war, when the increased marketing margins tended to widen the gap between prices paid by consumers and prices paid to farmers."

With respect to the second point, that of limitations on the prices of certain farm products, Norton said, "Ceilings were established on pork and beef products, many kinds of canned goods, fluid milk and cream, as well as ice cream. Products for which ceilings were not established were other dairy products, poultry and eggs, lamb and mutton and flour. The apparent basis for determining whether a ceiling would be imposed on a foodstuff was the relationship of the price of the raw farm product to the parity price. If the price was below 110 per cent of parity, a ceiling was not imposed. Exceptions were also made for highly seasonal products."

"Beat the sugar shortage with the sugar beet" is what many northern Illinois farmers are saying.

Although a small percentage of the total sugar beet crop is produced in a number of northern Illinois counties, 1942 planting time is finding more than the usual number of farmers resorting to the potentially profitable crop.

Sugar Beets, which are usually planted the first half of May in Illinois, are adapted to a rather wide range of soil types, according to R. F. Fuellman, crops specialist of the University of Illinois College of Agriculture. A deep, cool, moist soil is preferred. Poor soils should never be used. Fertile silt or clay loam soils produce the highest yields.

Fuellman says fertilization gives good results where sugar beets are grown regularly. The crop utilizes large quantities of potash and relatively large amounts of nitrogen and phosphorus. In Lake county, where most of Illinois' beets are grown, they have been used in rotation with truck crops. In other areas beets generally follow corn, potatoes or beans in the rotation.

A clean, firm seedbed is desirable. Four-row beet, bean or grain drills may be used for planting the seed. Solid drilled rows require 18 to 20 pounds of seed to the acre, hill-planting and check-rowing proportionately less.

"Send your scrap to war" is the rallying cry for Pure Milk Association farmers who enter the 9th annual Neatest Dairy Farm contest.

Timed to help with the metal salvage campaign, the Pure Milk Association contest is particularly commended this year by agricultural leaders for its incentive to comb every field and fence corner and shed for the rusting, wasted metal that is so greatly needed for munitions.

Prizes in the 1942 Neatest Farm contest are also in keeping with the war effort—a \$200 War Bond for the Grand Champion Neatest Farm; a \$100 bond for the runner-up; a \$50 bond for the farm placing third in the championship judging.

District prizes total \$2250, (maturity value) in War Bonds—\$75 in bonds for first prize in each of the Association's 15 districts; a \$50 bond for second prize in each district; and a \$25 bond for third prize in each district. In addition, every farm scoring 90 or higher in the preliminary judging will receive a Senior Award of Merit plaque, and every farm scoring between 80 and 90 will receive a Junior Award of Merit plaque.

The contest is open to any dairyman who delivers milk through Pure Milk Association. Entries close June 16, and the preliminary judging, set for July 13 to 16, will be on the basis of neatness and cleanliness only—financial outlay will not be considered.

Farm and farm buildings—all around appearance of neatness—count 50 points.

Dairy barn, inside—20 points.

Milk house and equipment, inside—20 points.

Other buildings, inside—5 points.

Dairy herd—5 points.

Neat Farm Contest entry blanks can be secured from any PMA representative, and an entry blank will also appear in the May issue of Pure Milk, the Association's membership publication.

Dozens of new foods are popping up all over the country—salad oil from Georgia pecans and vegetable charcoal from their shells; cooking oils and medical sugars from the Kentucky coffee bean tree; milk, ice cream, and chocolate paste from the soybean; cocktails from blueberry, watermelon, and cranberry juice; banana tablets and tomato chips—these are a few. Every day chemists are at work making more and wasting less—in short, conserving America for you and your children.

JUST THE SUNDAY DINNER YOU'RE LOOKING FOR!

If you were presented with a list of Sunday dinner menus and told to choose one to prepare next Sunday for your family—what two things would you look for first? I know you'd try to choose one with dishes your family especially enjoys. But wouldn't also be watching for a dinner with a less expensive cut of meat—and with a sugarless, or almost sugarless, dessert? I'm sure you would. And here is just such a Sunday dinner.

Tomato Juice Cocktail if Desired

Beef Tongue A La Jardiniere **Twice Baked Potatoes**

Head Lettuce with Thousand Island Dressing

Fresh from the Garden Radishes

White Bread **Dark Bread**

Jelly **Pickles**

Pecan Pie

Coffee

One of the nice things about buying a thrifter cut of meat is that it contains all those essential proteins, vitamins and minerals that we get in the more costly cuts. It's just that some cuts are better known and more in demand. Therefore there are fewer of them to go around—so the price is higher. The less known and less frequently purchased cuts cost less because there are more of them to go around. Yet they can be made just as tasty and appetizing as the more expensive meats. So we'll start this dinner off with a beef tongue cooked with vegetables. We call it—Beef Tongue A La Jardinier—and here is the recipe—

BEEF TONGUE A LA JARDINIÈRE

1 beef tongue (about 3 lbs.) 4 cups meat stock
2 cups diced carrots 1/4 cup all purpose flour
2 cups diced celery 1 cup diced white onion 1 cup diced white onion

Put tongue in cold water, bring to boiling point and boil gently for 2 1/2 hours. Remove tongue from water, skin and trim, removing bone and gristle from end. Put in roaster and pile vegetables around it. Pour the 4 cups of meat stock in which the tongue was cooked over the tongue and vegetables. Cover and bake two hours in a slow moderate oven, 325° F. Remove tongue and vegetables to platter and keep hot. Brown flour, add butter and blend well. Thicken liquid in roaster with flour-butter mixture for gravy. This makes 6 to 8 servings.

A Sugarless Pie

Our dessert is really elegant—the specialty of a popular tea room. What's important right now is that it's made without one bit of sugar—that is, honey is used entirely to sweeten this delicious Pecan Pie. Here is the recipe—

PECAN PIE

Pastry for 9-inch pie shell 4 tbsp. butter, melted and slightly cooled
3 eggs 1/4 tsp. salt
1 cup light-colored honey 1 cup pecans, coarsely chopped
1 tsp. vanilla

Line a deep pie pan with plain pastry, and chill while preparing the filling. Beat eggs well with rotary egg beater. Beat in honey, vanilla, melted butter and salt. Sprinkle pecans over the pastry in the pie pan. Pour the egg mixture over the pecans. Bake 35 to 40 minutes in a hot oven, 450° F., for the first 15 minutes, reducing the heat to 325° F. slow moderate oven, to finish baking.

Farm building is restricted to war effort

"The government has restricted the construction of new buildings on the farm, as elsewhere, to such structures as are needed in the war effort," states Farm Adviser C. A. Hughes. "The decision, to a certain extent, on the erection of new farm buildings has been placed in the hands of the U.S.D.A. War Board for Cook County. The general provision, as we have been able to figure out the rules, are that on the repair of a farm house there is a limitation of \$500 expenditure over a 12 month period, without securing permission to build. The meaning of repair is the restoration without change in design of any portion of a building to sound working condition where it has been rendered unsafe or unfit for service by wear, tear, etc. Any kind of residential structure that can be built for \$500, such as a bunk house, may be built without getting permission from the War Board.

"Agricultural construction, which means barns, storage houses, etc., that does not exceed \$1,000 may likewise be built without receiving permission. Residential construction where a building has been damaged or destroyed by fire, tornado or some other similar cause may be replaced as was without permission. However, on any of these structures where scarce materials will be used a priorities rating must be secured. The method of doing this is to go to your dealer and have him make out a Form PD-200. This may be secured from the Priorities Division, War Production Board, Temporary Building 'E,' Washington, D. C. After this form is properly executed and signed it is to be turned into the U.S.D.A. Cook County War Board which meets regularly each Thursday at Blue Island, Illinois. Forms may be sent to Carl Borner, chairman of the War Board, c/o Farm Bureau office, Blue Island. The War Board meets each week and they will pass on these requests and forward them to the state office with their recommendations. From the state office they will go to Washington after which a permit will, or will not, be granted.

Must Follow Rules

"The Cook County War Board wishes it understood that in administering these rules with reference to farm buildings in Cook county that they have no alternative but to follow the strict rules that are laid down, which by-and-large means that any structure that is built will be a necessary one towards the war effort. In other words a farmer that wishes to build a new barn when his old one is in fair condition may not expect to get such permission. Where a farm has been purchased and the new owner wishes to put up a new set of buildings without any past indications that this will be a producing farm may not expect to get such permission. On the whole it will be the farms with a past history of production that may expect to receive permission to put up certain buildings on their place. Also certain materials, such as metals, that go into buildings may not even be available for permitted structure. These have to be passed on by the Washington priorities authorities. The only thing that the local board can pass on is whether according to the rules a new structure costing more than the amounts specified is actually needed in the war production effort on the local farm.

"It is also pointed out by material dealers in the county that farmers expecting to make such repairs on buildings should get their orders in as soon as possible because as the war effort increases more and more material, such as lumber, is being taken over by the government for construction in their war plants."

Milk route consolidation for economy is urged

10,300

auction sale bills were printed last year by Paddock Publications. In addition there were published on the farm page, 254 auction listings. These figures tell their own story of the farm coverage of the Paddock Publications, a group with a circulation of well over 6,000 papers weekly.

Consolidation of routes hauling milk from farms to receiving plants is desirable in order to conserve trucks and tires, insure dairy farmers a steady market uninterrupted by break-down in trucks and to lower trucking rates.

In thus recommending route consolidation, R. W. Bartlett and R. J. Mutti, agricultural economists of the University of Illinois College of Agriculture, cited studies at the university which show that by combining routes and making up full loads, Illinois farmers selling whole milk can eliminate more than 50,000 miles of travel daily, and in many cases can save as much as 5 to 10 cents for each 100 pounds of milk.

Hauling routes to the Bloomington market are more efficient than in many other areas. Studies made up to March 1 of the 495 producers shipping milk to the market showed the trucks traveled 1,261 miles at an average cost to farmers of 25.6 cents a hundred pounds. Many of the trucks hauled only one-half to three-fourths of a load and one out of three miles could have been eliminated by more direct routing.

Further, it was found that hauling costs could be reduced as much as 25 per cent if routes were revised

Crawford Holds Leyden to 1 Hit as Cards Win

Crystal Lake Favored to Repeat in Northeast Track Sat.

by GERALD A. MC ELROY

Congratulations to Paul Behan of Crystal Lake and his coach, Owen Metcalf. Behan broke the Illinois state high school discus throwing record in the state meet Saturday with a mark of 154 feet, 6 1/4 inches. The old record was slightly over 149 feet. Last week Tuesday when we saw Behan throw the discus 153 feet in a meet at Libertyville we said to Coach Metcalf we hoped he would do as well at Champaign. He replied that he was certain he would do better because Behan thrived on tough competition. His prediction came true.

Smith of Geneva wins second

Another Palatine Relays individual champ, Smith of Geneva, made a nice showing in the state championship mile by taking second place just behind Brennenman of Urbana, who ran the event in 4:28. The only other boy from the smaller schools up this way to place in the state was Durant of Wheaton, who won the shot and placed second in the discus. Oak Park in clean sweep

Oak Park in winning the state meet Saturday for the 14th time made a clean sweep of their track season. They won the Suburban League indoor title, and took the Oak Park Relay, Proviso Relays, and Wheaton Relays prior to winning the district and state titles. All that is left is the Suburban outdoor championship which appears to be a cinch. It is the first year for Don Harshbarger as head coach at Oak Park in track. Geyer who won both the 100 and 220 in the state finals is only a sophomore.

Fail to realize ambitions

The state meet found Dwight Eddelman failing to realize his ambition of breaking the high jump record of six feet five inches. He won the event easily at six feet four but had jumped six feet six on several occasions. He can jump high enough to win the Big Ten championship in the next event spring. He is going to summer school at Illinois and will help The Illini to win the Big Ten meet next spring. That is our prediction.

Another great star who met bad luck at the state meet was Nussbaumer of Oak Park rated as the outstanding football player in the state and the best low hurdler. Leading by a safe margin in the low hurdle final, the Oak Park boy stumbled over the

Northwest a toss-up Thursday

Crystal Lake is doped to repeat last year's championship in the Northeast conference track meet to be held at Leyden high in Franklin Park Saturday afternoon. The Lakers led by big Paul Behan have more all round strength than the other schools, but will be hard pressed by Libertyville and Lake Forest. Niles, Arlington, Leyden, and Warren are doped to finish in that order. Warren's only entry will be Rasmussen, a pole vaulter, who transferred from Libertyville last fall. Woodstock with very good prospects is out of track due to transportation problems.

The meet Saturday will get under way with preliminaries at 1:30. No medals or ribbons will be given in the Northeast for track this year.

N. W. Meet at Palatine Tonight

Tonight (Thursday) the Northwest will hold its four team meet on the Palatine track as a twilight affair starting at 6:30. As no preliminary will be necessary the meet should be run off by 8:00. The admission is 25¢ and a very close contest is in prospect between Bensenville and Palatine will be won by the Pirates last year. Barrington will be a strong third this year and Antioch will make their best showing in years but will surely finish fourth. According to the ratings prepared by Coach McElroy of Palatine both Bensenville and Palatine will score 68 points. This indicates just how close the competition will be.

The Northwest Conference will award \$25.00 worth of medals and ribbons. Medals will go to the first three places in the individual events and to first place winners in the three relays. Ribbons will be presented for fourth and fifth in the individual events and to seconds and thirds in the relays. Jack Gose, athletic director of Arlington Heights high school, will serve as starter and referee of the meet. Marion Hogate of Arlington will be head finish judge.

Pirates top Cards, Bronchos frosh-sophs

Palatine defeated Arlington and Barrington frosh-soph track teams Tuesday afternoon in a triangular meet, scoring 50 1/2 points to 48 for Barrington and 40 1/2 for Arlington. Scored as a double dual the Pirates beat Arlington 60-49 and nosed over Barrington 55-53. Arlington had an edge of 61-48 over Barrington.

Schwinns of Warren and Boucks of Crystal Lake, High jump: Hoskins of Libertyville and Huzach of Leyden, Broad jump: Nager of Crystal Lake and Wright of Libertyville. Shot: Behan of Crystal Lake and Nitch of Niles.

Discus: Behan of Crystal Lake, Morici of Arlington and Shaffer of Libertyville.
